PLEXALL™ Plastic Glass Cleaner

DESCRIPTION

Today's modern glass surfaces such as plastic glass (plexi-glass) and tinted window film require a special glass cleaner such as PLEXALL™. Select formula contains NO AMMONIA, harsh chemicals or abrasives that could scratch or discolor these sensitive glass surfaces while cleaning. The addition of special anti-static and anti-fogging agents keeps the glass surface sparkling clear by resisting dust and moisture.

USES

- Tinted Glass
- Plexi-Glass
- Any Plastic Surface

DIRECTIONS

1. Shake can well before using. 2. For best results, make sure surface to be cleaned is out of the direct rays of the sun. 3. Hold can in an upright position approximately 6-8 inches from surface and spray. 4. Use only clean, soft, lint-free clothes. Use one cloth to lift the dirt and a second cloth to polish dry. (Do not use paper towels, coarse shop towels, etc. that might scratch the surface).

PACKAGING

1010 - 20 oz.
 Aerosol Can
 12 Per Case

STORAGE

Do not store in temperatures above 120°F (50°C). Do not puncture, incinerate or burn can. Keep away from heat, sparks or open flame.

SPECIFICATIONS

FLASH POINT : Propellant; -40°F, Product; None
 EVAPORATION RATE (Water = 1) : Same
 COLOR : Cloudy Liquid
 ODOR : Slight Alcohol Odor
 SOLUBILITY IN WATER : Completely
